

OUR VISION

The Clark Center Foundation supports the Clark Center for the Performing Arts and ensures that current and future generations of our community are inspired and enriched by embracing and experiencing the performing arts.

OUR MISSION

Support the Clark Center as a well-maintained state-of-the-art performing arts facility.

Support our community's students by ensuring access to the Clark Center as a school facility providing scholarships and grants and supporting programs for education in the performing arts.

Support local performing arts organizations through financial grants, ensuring availability of the Clark Center as a performance facility at reasonable cost and by facilitating interaction and collaboration in the arts community.

Be a setting for community cultural arts projects, programs and events.

Grow the Endowment Funds to support the Clark Center and the Foundation's Mission in perpetuity.
